

MCWK "PROFESSIONAL" SERIES STAINLESS STEEL CRANE SCALES

Stainless steel crane scales, with large 40mm DOT LED display, for maximum visibility from any angle and in any light condition, also with direct sunlight. Sturdy and reliable, usable in any environment, inside or outside. Minimum reduction of the lifting space of the crane. IP67 protection, from dust and rain. Available also CE-M APPROVED.

MAIN FEATURES

- **Large DOT LED very bright 40mm display**, which guarantees a perfect weight visibility from any angle, also from a long distance. Usable in any internal or external environment, with good visibility also in full sunlight.
- **Adjustable brightness intensity.**
- **Sturdy structure in STAINLESS steel**, with **IP67** protection of the load cell and the electronics, against dust and watersprays.
- **Fitted** with approved upper galvanised **shackle** and lower swivelling **hook**.
- Extremely reduced distance between upper shackle and lower hook.
- Precision: +/- 0.03% F.S.
- Waterproof keypad with 5 keys: ZERO, AUTOMATIC TARE, MODE, PRINT and ON/OFF.
- **Programmable digital filter**, for an excellent weight visualisation in any working condition.
- Programmable turn-off function: automatic, from keypad or from remote control.
- **Fitted with remote control**, configurable as only automatic tare or as 4-key remote keypad.
- **Configurable functioning mode at choice, such as PEAK (maximum read value), HOLD (lock of displayed weight), weighs totalisation, lb/kg conversion (for other available functions see DFW indicator).**
- Predisposed for 866MHz **radio interface** or WiFi, connection to PC, or remote terminal and printer.
- Rechargeable battery, with average life of about 30 hours.
- Predisposed for optional second extractable battery for 24/7 continuous use.
- Fitted with 230 Vac 50 Hz battery charger.
- Digital calibration and Set-Up programmable directly from keyboard or from PC through Dinertools.
- Operating temperature range: -10/+40 °C.
- Weight: about 25kg (including packing).

OPTIONS ONLY AVAILABLE AT TIME OF ORDER

- RF weight transmission to remote indicator up to over 70m indoors
- WI-FI interface
- Attached thermal printer option box
- Remote weight indicator (see DFW.., 3590.., TRS.., DGT60.. Series' indicators) with printer connected through radio frequency
